Group Reports

Transport

Flo has let us know of these initiatives, please respond!

- Cheshire East are running a consultation on cycling.

Some Wilmslow mums have created a Facebook page called

All

Wilmslow Safer Roads Group. We will be petitioning for 20mph limits again and other road safety issues. If you search for and 'like' the page you will automatically be updated on FB.

Environment and planning and Lindow Moss

Cheshire East got back to John about the Lindow Moss Planning Applications to say that they will not now be determined in August, because they are still awaiting a response from the applicants to their questions about the applications.

Jean and John represented Transition at two progress meetings on the Local plan on Monday, August 3rd (update on work required by the Inspector) and Tuesday, August 4th (update on Spatial Strategy). They are hoping to be able to reopen the Examination in October.

Jean enlarged on these meetings for us

We need a Steering Group Meeting focusing on the Lindow Moss project, both Jean and John will be away on the 2nd Monday in September so a special meeting may need to be called.

Food:

Gravel Lane Community garden has done very well with little input. People are obviously picking the veg. Anthony offered brassica for planting up at next Food Group Meeting on Wednesday August 26th

- 7** **Green Drinks** to be put on hold for the present it is not meeting its original purpose of attracting in new members with a social get together. It is no longer well attended. We will aim to have at least four social events a year in the Autumn, Winter, Spring and Summer.

Date and Time of next meeting: To be decided but possibly Monday 14th September, downstairs at the Friends Meeting House, Bourne St, Wilmslow
